2011 Results

(Submitted by program/project chairs)

- On Saturday, April 9, about **18** neighbors and trail users helped clean up litter and brush along the trail section between Venus Circle and Leslie Road. **In 6 hours, volunteers filled a 30-yard dumpster.** Thanks to Ali Bram and Jennifer Ricci for coordinating this project.
- **In the three kite making classes** held in the beginning of April, 86 families were involved – working with their kids to make their kites.
- The film, **Truck Farm** was shown at the Richland Library on April 9 to **about 25 attendees.**
- The **Kite Festival at Marina Park** was a great success. Flyers from as far as Hermiston participated. Kites came in a variety of colors and style, like an airplane, bird, octopus and lady bug. Despite a strong wind, everyone who came was able to fly their kites. One person brought four foot long sections of bamboo as a frame and built his "heavy wind" kite there at the park. He flew it successfully!
- The **organic garden tour at Kadlec Hospital** was from 10 a.m. to 2 p.m. on Saturday, April 16. Visitors throughout the day learned about the garden, and received pansies, sunflowers and refreshments.
- **AREVA and Energy Northwest employees** worked together to clean up a private lot around Kentucky Fried Chicken and Subway in south Richland.
- The **Earth Day events at Chiawana High School** were a success! About 400 attended at least 3 stations. A variety of 15 educational programs were presented every 20-minutes for over five hours!
- 68 kids and 37 adults (**105 total**) participated in the **Richland Library's Wiggle Worm Story** time.
- **40 participants** completed their Earth Day crafty project at the **Mid-Columbia Library, Pasco Branch.**
- About **40 people participated** in the April 23 **Cache In Trash Out (CITO)** event at W.E. Johnson Park. They **hailed out more than 30 tires and several bags of trash, as well as barrels and household materials.** REI co-sponsored the event with Richland Parks & Recreation.
- **Ten participants saw 24 species** of birds during the "**Second Annual Bird Walk**" held by the Audubon Society on April 30, along the Port of Pasco and riverside trail.
- The **LDS Hillview Ward** members rallied and cleaned up the **Keene Road Trail.**
- On April 21, **employees from AREVA cleaned up roadways** around their facility on Horn Rapids Road, including Stevens Drive to Kingsgate Way, Kingsgate Way to Battelle Boulevard and then south.
- **Pacific Northwest National Laboratory** shared their environmental knowledge with **507** of their employees children's during the National "Take Your Kids to Work Day" on April 29. Kids learned about greenhouse gas emissions, composting and EMSL's new solar array installation. Kids and their parents attended PNNL's first sustainability fair during the lunch hour.
- The **Atomic Duck Dive Club** cleaned up the **river, shoreline and causeway of Bateman Island** on April 30.
